Dear Visiting Athletic Trainer,

We would like to take the opportunity to welcome you and your squad(s) to Culver-Stockton College and Canton, Missouri. We look forward to an enjoyable and injury free contest.

Our athletic training facilities are temporarily located in a modular building just southwest of Joe Charles Fieldhouse. We will be moving back into our facilities in Joe Charles fieldhouse in mid October. Our volleyball matches will be played in our new multi-purpose facility and we have set up a temporary satellite facility in that building as well. We have most of the modalities that you would need including, ice, hydrocollator packs, ultrasound, paraffin bath, whirlpools, and electrical stimulation. The athletic training room will be open 1 1/2 to 2 hours prior to most events. No electrical modality treatments will be given without either the presence of or a note from a certified athletic trainer or team physician. If no one will be traveling with your respective squads, please notify us ahead of time and make sure that they bring appropriate supplies.

The following equipment and supplies will be available on your sidelines or readily accessible if needed:

- Cold drinking water & cups or water bottles
- Injury ice on your bench or sideline
- Ice towels (when needed)
- Emergency Equipment (splints, spine board, crutches)
- Biohazard Container on your sideline

A certified athletic trainer will be present for all home events. For all contests, we will have an orthopedist on call and the ambulance will be readily accessible. A team orthopedist will be on the sideline at all varsity home football games.
