Dear Brad Hannah,

Stewart Manor has just started its own web site, http//www.graceland.edu/stewartmanor/

It is still in its beginning stages and we plan to continue to expand it. One of the sections that we plan to expand is the "Stewart Manor Official History" (http://www.graceland.edu/studentorg/stewartmanor/history.htm).

On more than one occasion, Graceland graduates have talked to me about your run for GSG President. I thought it deserved mention on the History page, so I gave a very brief overview and a link to the Reelect Brad web site (http://jays.net/brad/index.html).

Any information you have or could share on the campaign, its impact on campus, how others reacted, or whatever—especially the 1999 run (since the 2000 run is well documented on the Reelect Brad web site)—would be appreciated.

If you like, even suggested paragraphs for the Stewart Manor history page would be appropriate. (Who says only the winners write the history books?)

I look forward to your response.

Yours sincerely,

David Bolton
Stewart Manor Webmaster
